

# NJATOD

NJ Association for the Treatment of Opioid Dependence

## Becoming A NJATOD Member

NJATOD is currently composed of 30 opioid treatment programs from across the State. Only NJATOD members are listed on the website. Membership in NJATOD has several benefits, with the most important one being part of a solid coalition of providers working on issues that can and will affect Medication Assisted Treatment in New Jersey. Since NJATOD works on behalf of all our members (and indeed, the treatment field as a whole), all members and patients share in our successes. However, our Association's strength depends entirely on the strength of our membership, and we would like to include as many programs as possible in the effort.

## The Benefits Joining New Jersey Association for the Treatment of Opioid Dependence

- Membership with the American Association for the Treatment for Opioid Dependence (AATOD)
- National recognition beyond AATOD membership
- Promote the growth and development of opioid treatment services in NJ
- Be part of a knowledgeable network of OTP providers, Behavioral Health organizations, Medicaid administrators and policy makers.
- Receive updated state and federal information to include policy updates; reports and advisories; SUD related legislative information; AATOD announcements, research findings and surveys.
- Receive timely information regarding proposed changes related to OTP accreditation, licensure, certification and reimbursement.
- Display your OTP program name and website link on NJATOD's website
- Promote coordination and communication among opioid treatment programs in NJ.
- Assist in the development of treatment interventions for HIV infection, tuberculosis, hepatitis and their associated illnesses.
- Assist the general public in its understanding of opioid treatment.
- Voting privileges

## NJATOD Program Membership:

The membership dues are \$400 per year, per license. The amount due will renewed annually.

Bi-monthly NJATOD holds a meeting at a volunteer facility site. Meeting dates and locations are listed on our Events page. We hope that you will consider supporting our association. The success of NJATOD depends on the input from all providers.

# NJATOD Program Membership

# \$ 400

Any Substance Abuse and Mental Health Administration (SAMHSA) certified Opioid Treatment Program (OTP) located in the State of New Jersey can and should apply for NJATOD membership.

Simply submit a completed Registration form per OTP license with an accompanying payment of \$400 per license.

Make check payable to: NJATOD

Mail to: Margaret Rizzo  
JSAS HealthCare, Inc.  
685 Neptune Blvd., Suite 101  
Neptune, NJ 07753
